REPORT OF COUNCIL,

To the Members, at the Annual General Meeting, Wednesday, February 22nd, 1882.

I. SESSION 1880–81.

PUPILS AND FEES.

The entire number of Pupils during this Session was 1957, being an increase of 2 on that of the preceding Session. Of these Pupils, 1189 were Students in the College, and 768 Pupils in the School. Of the Students, 355 belonged to the Faculty of Medicine, 122 being new Students: in the Faculties of Arts and Laws and of Science there were 834 Students, 517 being new Students. The largest number of Boys in the School in any one Term was 623.

The Fees received (exclusive of those for Clinical Instruction) amounted to £34,317 13*s.* 6*d.*, being £573 16*s.* 6*d.* more than in the Session 1879–80. This sum consists of the following items:—Fees for attendance on the Classes of the Faculty of Medicine, £8806 7*s.* 0*d.*; Fees for attendance on the Classes of the Faculties of Arts and Laws and of Science, £10,571 18*s.* 6*d.*; School Fees, £14,939 8*s.* 0*d.* The total payments to Professors, Teachers, and Masters amounted to £23,458 10*s.* 1*d.* In addition to the above-stated amounts, the sum of £2984 4*s.* 0*d.* was received for Clinical Instruction in the Hospital, making a total of £11790 11*s.* 0*d.* paid by Students of the Faculty of Medicine in the Session.

SCHOOL.

The returns which have been laid before the Council show that the discipline of the School remains in a satisfactory state.

The Juliana de Rothschild Prize of £20 for the candidate from the School who should obtain the highest place in the Honours Division at the June Examination for Matriculation in the University of London, was given originally by Mrs. Isaac Cohen in memory of her daughter, the late Baroness Mayer de Rothschild. Since Mrs. Cohen's death her daughter, Miss Lucy Cohen, has offered to continue giving the Prize from year to year. It was awarded last year to H. R. Norris, who gained the fifth place in the Honours Division.

At the June Matriculation Examination in the University of London in 1881, five places out of sixty-one in the Honours Division were gained by pupils of the School, the West Scholarship in English being divided between two of them, H. R. Norris and H. P. Dean.

The Council have accepted a fund subscribed by former pupils of the School for the encouragement of the study of Science.

Sir Barrow Ellis has again offered a Prize of £5 for the encouragement of the study of Geography.

The following Table shows the number of boys in the School in each of the three Terms of the last five Sessions:—

	1st Term.	2nd Term.	3rd Term.	Average for the year.
1876–77.....	594	616	615	608
1877–78.....	638	666	669	658
1878–79.....	659	630	660	650
1879–80.....	667	657	664	662
1880–81.....	607	616	623	615

In the first Term of the present Session the number was 600.

From the Tables in the Vice-Master's Report it appears that out of a total of 768 boys, 86 were entered in the Black Book last Session the total number of entries being 129.

A list of distinctions lately obtained by former pupils of the School is placed at the end of the Report. This list is selected from a larger one compiled by the Vice-Master and prefixed to the "School Honour Lists."

Four Scholarships, giving free admission to the School for three years, will shortly be offered for competition among boys between the ages of twelve and fourteen, whether they are already in the School or not.

II. GENERAL FINANCES.

The accounts for the Session 1880–81 show an excess of expenditure over receipts amounting to £874 12*s.* 4*d.* This excess was chiefly due to the necessary provision of apparatus and other matters in connexion with the new Buildings.

There is a debt of £9700 14*s* 4*d.* on the extension of the North Wing, and further liabilities estimated at £3000, while the debt on the last addition to the School Building still stands at £570 17*s.* 9*d.*

III. THE CURRENT SESSION.

The entries of Students to February 1st have been as follows:—In the Faculty of Medicine, 332, of whom 78 are new Students; in the Faculties of Arts and Laws and of Science, 677, of whom 346 are new Students: in the School, in Michaelmas Term, 600, of whom 93 were new pupils; in the present Term, 587, 70 being new pupils.

The College Fees received to February 1st are £6224 18*s.* 6*d.* in the Faculty of Medicine, and £8175 6*s.* in the Faculties of Arts and Laws and of Science.

MR. SAMUEL SHARPE.

The Council regret to announce the death of one of the greatest benefactors of the College, Mr. Samuel Sharpe.

Besides his liberal donations for building and other purposes, amounting to upwards of £15,000, Mr. Sharpe gave practical proof of his appreciation of the advantages offered by the College School by paying the fees for a considerable number of boys. Owing to the liberality of Miss Sharpe this payment of School fees did not cease with her father's death.

He was elected a Member of the Council in 1866, and retired in 1872, having served on the Committee of Management during the greater part of this time. On his retirement he transferred his rights as a Governor to one of his nephews. At the last General Meeting Mr. Sharpe was elected a Life Governor.

DEATHS OF OTHER MEMBERS OF THE CORPORATION.

The deaths of the following Members of the Corporation have also been reported:—

Mr. William Ellis.
Right Hon. Lord Justice James.
Sir Charles Reed.
Mr. John Smale.
Mr. Martin Tucker Smith.
The Very Rev. Arthur Penrhyn Stanley, D.D.
Mr. Charles Fortescue Tagart.
Mr. Joshua Williams, Q.C.

RESIGNATION OF MR. MYLNE.

The Council have received with much regret the resignation of Mr. Mylne, an active member of the Committee of Management, and one of the Vice-Presidents of the Senate, who has been compelled by the state of his health to leave England for a time.

PROFESSORSHIPS.

Professor T. Hayter Lewis has resigned the Professorship of Architecture after sixteen years of valuable service, and has received the title of Emeritus Professor of Architecture. As Architect of the New Buildings and the constant adviser of the Council in matters connected with the fabric, Professor Lewis's name will be gratefully remembered.

Mr. T. Roger Smith has succeeded Professor Lewis.

Professor T. Wharton Jones has resigned after many years of valuable service, and has received the title of Emeritus Professor of Ophthalmic Medicine and Surgery.

He has been succeeded as Professor of Ophthalmic Medicine and Surgery by Mr. John Tweedy.

Mr. J. F. Streatfeild has been appointed Professor of Clinical Ophthalmic Surgery.

Mr. Herbert Somerton Foxwell, Fellow of St. John's College, Cambridge, has been appointed Professor of Political Economy.

Professor J. W. Willis Bund has resigned the Chair of Constitutional Law and History.

Mr. Edward Arber, whose appointment as assistant Professor of English was mentioned in the last Report, has become Professor of English in the Mason Science College, Birmingham, where Mr. M. J. M. Hill, also a former Assistant Professor, has been appointed to the Professorship of Mathematics.

Dr. O. J. Lodge, formerly Assistant Professor of Physics, has been appointed to a Professorship in University College, Liverpool.

EXTENSION OF THE BUILDING.

The fittings of the New Building are now completed, and the Departments of Fine Art, Chemistry, Physiology, and Comparative Anatomy and Zoology are satisfactorily provided for.

The subscriptions received since the date of the last Report towards the fund for defraying the cost of the building have been far from coming up to what had been hoped for, and the deficit, as will have been seen by the article on the Finances of the College at the commencement of the Report, is still heavy.

The Council, however, thank those friends of the College who have sent contributions, and especially Mr. Joseph Beck, of the Common Council, to whom it is due that the claims of this College upon the Municipality of London were brought before the Corporation of the City on a recent occasion.

The Corporation have contributed two hundred guineas.

The Fishmongers', Clothworkers', Mercers', and Merchant Taylors' Companies have liberally subscribed.

A general list of subscriptions to date is added as an appendix to this Report.

The Members of the College are again earnestly requested to assist in raising the £13,000 still required.

PROVISION AGAINST FIRE.

The attention of the Council has been specially directed to the means of preserving the College and its contents from fire, and they have consulted the Chief of the Metropolitan Fire Brigade.

The College premises have been examined by Mr. B. V. Shaw; and after considering his Report, the Council have adopted various precautionary measures, including the purchase of hand fire-engines, provision for more frequent inspection of the building, and the establishment of telegraphic communication between the Porter's Lodge and the nearest station of the Fire Brigade.

The last-named precaution will add to the security of the Hospital also.

UNIVERSITY COLLEGE SCHOOL SCIENCE FUND.

The Council have accepted a Fund raised by former Pupils of University College School for the promotion of the study of Science amongst Pupils of the School.

It is proposed to offer a Bronze Medal to present or former Pupils for original work in Experimental Science, and to establish for Pupils still in the School an exhibition of £10 for distinction in Practical Chemistry and a book prize for distinction in Practical Physics.

ARCHITECTURAL DRAWINGS.

Professor Donaldson has presented to the College the collection of Drawings (amounting to seven hundred) prepared by him when Professor of Architecture.

They will be kept as a distinct and separate collection in memory of the donor.

Professor Lewis has lent his large collection of Diagrams for the use of his successor in the Chair of Architecture.

BARLOW LECTURES.

Twelve Lectures on Dante's 'Divina Commedia' will be given after Easter by Professor Farinelli. The Lectures will be in Italian. They will be open to the public without payment or tickets.

THE LIBRARIES.

The principal donations of books during the past year were from the following:—Lords Commissioners of the Treasury and of the Admiralty, Secretary of State for India, Government of Ceylon, Geological Surveys of England and Wales and of Canada, Army Medical Department, Local Government Board, Trustees of the British Museum, Asiatic Society of Bengal, Societies of Antiquaries, of Arts, of Engineers, of Telegraph Engineers, Institutions of Civil Engineers, of Engineers and Shipbuilders in Scotland, Iron and Steel Institute, Royal Institute of British Architects, the Clinical, Obstetrical, Pharmaceutical, and Royal Medical and Chirurgical Societies, the Birmingham Philosophical, Browning, London Mathematical, Philological, Physical, Royal Astronomical, Royal Microscopical, Statistical, Manchester Statistical, and Zoological Societies, British Association, Geologists' Association, Quekett Microscopical Club, Royal Institution, Smithsonian Institution, Accademia dei Lincei, Surgeon-General of the United States Army, Professors Bonney, Erichsen, Heath, Henrici, Hill, B. Whitaker, and J. Williams, Esqrs.

PEEL MEMORIAL FUND.

The income of this Fund in 1881 was expended in the purchase of books &c. presented to the Sowerby Bridge Working Men's Club and Institute, the Working Men's College, Great Ormond Street, London, and the St. Germans and Polbathic Mutual Improvement Society.

HOSPITAL.

The total Receipts for the year ending 31st December, 1881, were (subject to audit) £14,115; the Expenditure, £19,011.

An amount of Stock realizing £4300 was sold during the year; the debts on 31st December to tradesmen and the Bankers were, nevertheless, £6940 and £555 respectively.

The Committee of the Metropolitan Hospital Sunday Fund awarded to the University College Hospital, from their 1881 collection, £810, being £50 less than in the previous year, and the Hospital Saturday Fund £131 7*s.*, being £45 9*s.* 8*d.* in excess of the previous year.
